

SYNTHETIC FMC **5W/30**

PRODUCT DESCRIPTION

Synthetic FMC 5W/30 special is a new generation low saps fully synthetic super multigrade engine oil formulated for modern Ford engines using the latest developments in synthetic technology together with the most up to date advancements in additive chemistry setting new standards in engine oil performance. Synthetic FMC 5W/30 has been developed to enable outstanding performance to be provided along with extended drain intervals, fuel economy and greater robustness to fuels containing increased levels of bio-diesel and superior soot handling properties.

APPLICATIONS

Synthetic FMC 5W/30 is particularly formulated to meet the performance demands and requirements ranging from older up to the latest Ford petrol and diesel engines, meeting Euro IV/V emissions standards.

BENEFITS

Greater robustness to Bio-fuels • Ensures lubricant performance • over extended drain intervals
 Effective fuel efficiency • Very high standards of engine • cleanliness Exceptional long term anti-wear • and oxidation stability
 Excellent high and low • temperature performance Improved fuel efficiency •

PRODUCT SPECIFICATION

ACEA A5/B5 API SN/CF Ford WSS-M2C913-D*

Renault RN0700 Jaguar Land Rover STJLR.03.5003

Suitable for BMW, Fiat.

*Backwards compatible with WSS-M2C913-C/B.

TECHNICAL DATA SHEET

TYPICAL PROPERTIES

KV @ 100°C (cSt)	10.1
KV @ 40°C (cSt)	57.4
Viscosity index	165
Pour point °C -	-45
TBN (mg KOH/g)	10.0
Flash Point COC (°C) -	225
Density @ 15°C (kg/m ³)	0.854

PACK SIZES

FMC 5W/30 is packed in the following sizes: -

5 Litre, 20 Litre, 25 Litre, 205 Litre, 1000 Litre IBC, Bulk Pump Off.

For Health and safety information please refer to the relevant health and safety data sheet.
